OBJECTIVE

Position in Graphic Design and Design of printed materials in which my Web design skills, design skills and management skills can help an organization achieve its goal.

WEB DESIGNING SKILLS

- Web designing skills like HTML is well managed. I can write the HTML fast and correctly.
- CSS skills are also good. I can use only CSS to create many different kinds of effects. I can use the shortest code to write the best effect.
- Javascript skills are professional. I understand the language well and can deal with different kinds of problems.

DESIGNING SKILLS

- I am good at Photoshop. I can do almost every effect in PS like dealing with the pictures and other stuffs.
- Illustrator is a program I am very familiar with. I can do almost everything in AI
- I am also good at Cinema 4D. I created a bedroom and other things at my second semester.
- I can edit films and videos in After Effects. So making advertising videos are not a problem for me.

LANGUAGE SKILLS

- I come from China so I can speak Chinese.
- I have got 6.5 in IELTS before I came to Canada and I have been here for one year. I also got good marks at my writing class. So I am good at English.

COMMUNICATION SKILLS

- I have worked in a restaurant as a food runner for half a year. I communicated with clients almost everyday. So I am good at communication with others.
